NOW THEREFORE:

BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF HIGHLAND HAVEN, TEXAS, THAT:

City Ordinance #056 is the successor to Ordinance #007 dated March 1, 1996, with its' thirteen revisions.

FOREWORD

General

The City of Highland Haven was incorporated on November 7, 1995. The Board of Aldermen approved Zoning Ordinance #007 on March 1, 1996. During the next year and one-half the ordinance was revised three times to remove restrictions not related to zoning, said restrictions becoming stand-alone ordinances. An additional nine revisions were adopted between 1999 and 2002 incorporating small but significant construction and usage restrictions. See appendix 1 for history of revisions.

Purpose

This ordinance restructures the zoning ordinance and adds or deletes restrictions and requirements as deemed necessary to reflect city growth and the increased expertise derived from ten years of experience in municipal administrative procedures. The powers granted under this ordinance are for the purpose of promoting public health, safety, and general welfare for residents and for protecting neighborhood atmosphere and property values.

Scope

This ordinance applies to all platted lots and to all tracts of land located within the corporate limits of the City of Highland Haven.

SECTION I - DEFINITIONS

See Ordinance #074.

SECTION II - PLANNING AND ZONING

The governing body of a municipality may regulate:

1. the height, number of stories, and size of buildings and other structures;
2. the percentage of a lot that may be occupied;
3. the size of yards, courts, and other open spaces;
4. population density;
5. the location and use of buildings, other structures, and land for business, residential, or other purposes

The Board of Aldermen as the governing body for the City Highland Haven, by Ordinance #053 established a five (5) member Planning and Zoning Commission. Each Alderman has appointed a member to the Planning and Zoning Commission to serve a term identical to that of the Alderman who appointed the member. The primary function of the Planning and Zoning Commission is to initiate, and/or as directed by the Mayor or Board, review city zoning plans and ordinances and to present recommendations to the Board for action as deemed appropriate by the Board.

SECTION III – ZONING DISTRICTS

Zoning Districts are hereby established as follows:

District A ---- Single Family Residential 1 (SFR1)

Site Development Regulations

- (a) Paved sidewalks, driveways and parking areas are required
- (b) Screening of loading and storage facilities is required.

SECTION IV – STRUCTURES AND LAND USE (RESTRICTIONS APPLY TO ALL ZONING DISTRICTS UNLESS OTHERWISE SPECIFIED)

A. DISTRICTS A AND D (SINGLE FAMILY RESIDENTIAL and ANY OTHER ZONING DISTRICT WHICH GAINS APPROVAL FOR DEVELOPMENT WHICH INCLUDES SFR)

Restrictions and/or use regulations concerning structures and lots are provided in this section.

1. ONLY ONE SINGLE-FAMILY RESIDENCE MAY BE CONSTRUCTED ON ONE LOT.

In the event a property owner is planning to construct an SFR on more than one lot, the lots must be re-platted as one lot prior to the City of Highland Haven issuing a building permit. A single-family residence will have only one inside kitchen facility.

In the event that an SFR has already been constructed across lot lines prior to the effective date of this section of Ordinance 56, the property owner must re-plat the lots as one lot prior to the City of Highland Haven issuing a building permit for any other structures on the lots.

In the event that an SFR constructed across lot lines prior to the effective date of this section of Ordinance 56, the property owner must re-plat the lots as one lot prior to the City of Highland Haven issuing a building permit for any remodeling/construction work that will change the "footprint" of any structures on the lots.

2. YARDS REQUIRED

Measurements will be taken between the line of the building and/or outside appliance and the applicable lot line.

(a) SIDE YARDS - No building and/or outside appliance will be located within five (5) feet of the adjacent lot line. In the case of corner lots, no building or outside appliance will be located within ten (10) feet of the side lot line adjacent to the street.

(b) FRONT YARDS (Facing the street) - No building and/or outside appliance will be located nearer than twenty (20) feet to the front lot line.

(c) REAR YARDS - No residence, building and/or outside appliance will be constructed closer than twenty-five (25) feet to the edge of water in Lake LBJ when filled to its normal water level of 825 feet above sea level. In the case of lots with both a front and back street, no building and/or outside appliance will be located nearer than twenty (20) feet to the rear lot line. Lots aligned back-to-back and sharing a common rear boundary line will not have any out-building, garage, and/or outside appliance located nearer than five (5) feet to the common lot line. No residence on lots aligned back to back shall be constructed closer than twenty - five (25) feet to the rear lot line. This means the residence roof drip line.

3. OCCUPANCY

NO RESIDENCE WILL BE OCCUPIED following construction until a Certificate of Occupancy has been issued. The City of Highland Haven shall issue a certificate after the residence has passed the final inspection.

4. SIZE/CONSTRUCTION OF STRUCTURES

(a) Structures will not be allowed, or items stored on a lot UNTIL A SINGLE FAMILY RESIDENCE HAS BEEN CONSTRUCTED. Permitted exceptions:

(1) Stabilization of shoreline or retaining walls may be permitted before a residence is constructed;

(2) Construction of waterfront facilities may be permitted if reasonable access to the shoreline will be blocked by a residence or septic system when built or installed;

(3) Off-water residential owners, who also own a non-contiguous waterfront lot (ownership of both properties must be identical), may request a permit for construction of waterfront facilities for the specified off-water residence.

(b) Construction and construction materials, both interior and exterior shall comply with the provisions set forth by Local Government Code Chapter 3000. Said construction and construction materials shall be in compliance with all building and building material codes currently adopted by the City of Highland Haven, Texas. See Ordinance #020.

(c) A single-family residence shall consist of at least 1,600 square feet of contiguous living area, exclusive of attached open porches, breezeways, carports, and garages. The outside wall area of the house and garage is recommended to have a minimum of forty (40) percent masonry construction. The outside wall is the area from the bottom of the wall excluding the foundation and extending upward to the soffit. The outside wall

covering of the living area is recommended to begin within twelve (12) inches of the finished grade level. Wall area excludes windows and doors. Garage door opening and/or carport height clearance will not exceed ten (10) feet. A single-family residence shall not have more than two stories and shall not exceed 40 feet in height from the bottom plate or slab to the top of the roofline excluding any chimneys and ventilators. Any garage, storage area or other facility on the lowest level shall be one of the two stories and be included in the 40 ft. height limit. The attic shall not be made into a third level living area.

(d) Waterfront facilities must conform to LCRA regulations. Notwithstanding, the most recent rules and regulations from LCRA apply. Ownership of the waterfront facilities must always remain identical with that of the waterfront lot. The size of any enclosed building associated with the boat stalls and/or boatlifts will not exceed 900 square feet. The roofline of any building or structure associated with the waterfront facility will not exceed a height of 16 feet above the normal water level of Lake LBJ (825 feet above sea level). The combined area of the boat stalls and/or boat lifts, building or structure, and deck area shall not exceed 1,500 square feet on dredged canals. On open water, the size of any enclosed building associated with the boat stalls, boatlifts, and decking shall not exceed 1500 square feet in front of the sea wall. The combined overall total is not to exceed 2400 square feet and will extend not more than 50 feet from the seawall into the water. No part of a waterfront facility shall be located within the extended side lot line five-foot setback. A seawall and an on-land sidewalk may extend from side lot line to side lot line. Each waterfront lot will be limited to one waterfront facility. The sides of the waterfront facility may be of masonry, wood, or wood-appearing material (not metal or cinder block). Painting is required and the color must match that of the single-family residence.

(1) Waterfront facilities, excepting those regulated in paragraphs(i)and(ii),located on a dredged canal will not protrude more than two (2) feet into the waterway, excluding normal roof overhang, providing that the end of the structure to the centerline of the canal is at least seventeen and one-half (17.5) feet. The minimum width of the waterway will be maintained at thirty-five (35) feet without obstruction.

(i) Personal watercraft ramps and lifts may extend up to four(4)feet from the seawall into the waterway providing that the end of the structure to the centerline of the canal is at least seventeen and one-half (17.5) feet.

(ii) Docks and/or decks may extend up to four (4) feet from the seawall into the waterway providing that the property line extends at least four (4) feet from the seawall. Also, the end of the structure to the centerline of the canal must be at least seventeen and one-half(17.5)feet.

(2) Waterfront facilities - Minimal Navigation Clearance for Canal, Canal Entrance, and Cove Properties

(i) Minimal navigational clearance on dredged canals

is regulated in paragraph (1).

(ii) The property owner shall provide a detailed survey from a registered surveyor denoting the proposed construction site indicating the distance from the water's edge, seawall or bulkhead of the owner's property to the property line in the waterway and also to the centerline of the cove. The survey shall show the distance from the outermost part of the proposed waterfront facility to the centerline of the waterway. This distance from the proposed waterfront facility outermost part to the centerline must be equal to or greater than 17.5 feet. All requirements of Ordinance 020 will also apply.

(iii) The minimum navigation clearance shall be maintained at thirty-five feet from any existing water's edge, seawall, bulkhead or any existing waterfront structures, lifts, piers, PWC ramps or docks without obstruction that are located on the opposite or opposing shoreline property.

(iv) A panel of two members of the P&Z committee and one Alderman or Mayor shall review a building permit for a waterfront facility on a canal, cove or open water. This panel shall provide a recommendation to the building permit officer for approval or disapproval of the permit application.

(e) One out-building for a garage, workshop and/or storage will be permitted on any lot developed with a single-family residence. Such out-building must be constructed on the site and be placed on a concrete slab. The roof covering is recommended to be identical to that of the single-family residence. The sides of the out-building are recommended to be of masonry, wood, or wood-appearing material (not metal). Painting, except for stone and brick, is recommended and the color is recommended to match that of the single-family residence. Size of the out-building will not exceed 900 square feet of floor space. Wall height will not exceed twelve (12) feet and door height will not exceed ten (10) feet. The total height of the out-building measured from ground level shall not exceed the lesser of 24 feet or a roof pitch to match that of the associated single-family residence on the lot. The out-building may not, at any time, be used as sleeping quarters or for camping. A garage used for storing boats and/or vehicles will have a hard surface driveway of asphalt or concrete from the property line to the out-building. Construction of any out-building within 25 feet of the 825 ft. contour line is prohibited. An existing structure consisting of a combination boat lift/storage with the storage area extending back over the land area of a waterfront lot, may not be altered or modified in such a way as severing/detaching that portion or section of the boat lift/storage that is over the land and have it reclassified as an out-building. Any such modification or alteration would disqualify it from any grandfather provision and would be considered non-conforming. Such an altered or modified structure would have to be removed from within 25 feet of the 825 ft. contour line.

(1) GARAGES - A maximum of two garages are permitted, one attached to the single-family residence and one detached. Each garage may have a maximum of three single vehicle garage doors, or one single and one double vehicle garage door. The outbuilding maximum of 900 square feet in the above paragraph

applies to all outbuilding garages. A detached garage shall be considered the one allowable outbuilding permitted in the above paragraph. Carports shall be considered a garage for purposes of determining the maximum number of garages. The carport shall be a maximum width of three single garage doors at the entrance.

No freestanding carports are allowed. A carport will be permitted on any lot developed with a single-family residence. Any carport must be constructed on site, integrated into the single family residence or conforming out-building and attached to the residence or conforming out-building by at least 75% of the length of one side of carport and placed on a concrete slab. The roof covering is recommended to be identical to that of the single-family residence or as close as possible. Painting is required and the color is recommended to match that of the single- family residence. (f) Greenhouses structures

(1) A free-standing greenhouse may be built in lieu of an outbuilding or detached garage, but not both. In all cases, a free-standing greenhouse will be considered a structure.

(2) Maximum size of a free-standing greenhouse is two hundred (200) square feet. Maximum height of a free-standing greenhouse will not exceed ten (10) feet.

(3) The greenhouse is recommended to be constructed of materials from a commercial vendor of greenhouses. Construction of the structure with left-over scrap materials and/or materials such as non-commercial plastic is not recommended. The greenhouse panels are recommended to be made of polycarbonate, glass or other durable material but not polyethylene. The frame is recommended to be made of aluminum or other durable metal but not PVC.

(4) The location of a free-standing greenhouse must be in the back yard area of a residential property and cannot be located in the front or in the side property areas. All setbacks apply.

(5) All greenhouse structures must be anchored properly. This will include anchoring each support in a buried concrete receptacle or a perimeter foundation anchor constructed of a concrete border or curbing.

(6) A partial (not free-standing) greenhouse structure may be attached to a side or back of an existing house structure, an outbuilding, or detached garage; it may not be attached in the front of the house. In this configuration, items (#2) maximum size and height, (#3), and (#5) of this paragraph apply to the attached greenhouse. All setbacks apply.

(7) Flooring is not required in either a free-standing greenhouse or a partial attached greenhouse.

(8) Use of any greenhouse structure for commercial purposes is prohibited.

(g) Playscapes

(1) The location of a playscape must be in the back yard area of a residential property and cannot be located in the front or in the side property area. All setbacks apply.

(2) Only one playscape per residential property. A playscape will not be considered one of the acceptable, auxiliary structures permitted on a residential lot. Playscapes are not permitted on a vacant lot.

(2) The maximum allowable height of a playscape is fourteen (14) feet.

(4) No plumbing, electric or hard surface.

(h) Pergolas

(1) A free-standing pergola will be considered the one allowable outbuilding/structure permitted on a lot with a single family residence - reference Section IV, A, 4, (d).

(2) Free standing pergolas are allowed only in the backyard of a residence.

(3) A pergola cannot be located in the front area or on the side area of a residential structure. The street side of a residential structure is considered the front side of a residential structure.

(4) The maximum size of a pergola is four hundred (400) square feet. This measurement will be determined by the area of the roof structure.

(5) The maximum height of a pergola will not exceed twelve (12) feet.

(6) The pergola will be considered a part of a single family residence only if it is integrated and attached to the residence by at least 75% of the length of one side of the pergola.

(7) The pergola will not be considered a part of the residential structure if the only attachment to the residence is by deck, sidewalk, concrete slab or concrete apron.

(8) A pergola is not required to have a floor.

(9) Structure must have open side walls but may have decorative railings with balusters, wrought iron or other similar durable materials. Light weight lattice materials are not recommended.

(10) A pergola will not be used as a storage structure,

either temporarily or permanently, to house trailers, golf carts, go-carts, motor-cycles, boats, personal water craft, recreational vehicles, lawn mowers, ATV's, other similar motorized vehicles, non-functioning appliances, or boxes/cartons.

(11) Construction within twenty-five (25) feet of the 825 contour water line is prohibited. All building set-back requirements will apply to the location of the pergola.

(12) The supporting posts or columns are recommended to be constructed on concrete footings.

(13) The roof structure (consisting primarily of open cross beams and rafters) must be open a minimum of fifty percent.

(14) Structure is recommended to be painted to match SFR or have stained natural wood finish.

(i) Gazebo

(1) A free-standing gazebo will be considered the one allowable outbuilding/structure permitted on a lot with a single family residence - reference Section IV, A, 4, (e).

(2) A gazebo cannot be attached to a single family residence in any manner.

(3) The maximum size of a gazebo will be two hundred (200) square feet. The area will be determined by the area of the roof including any eave overhang or any lower extensions that are part of the structure, whichever is greater.

(4) The structure must have a floor (e.g. wooden deck, concrete, pavers, flagstone).

(5) The maximum height is twelve (12) feet.

- (6) Structure must have open side walls but may have decorative railings with balusters, wrought iron or other similar durable materials are recommended. Light weight lattice materials are not recommended.
- (7) Structure is recommended to be painted to match SFR or have stained natural wood finish.
- (8) The roof covering is recommended to be identical to that of the main living area of the single-family residence.
- (9) Construction within twenty-five (25) feet of the 825 contour water line is prohibited. All building setback requirements apply.
- (10) The gazebo will not be used as a storage structure, either temporarily or permanently, to store trailers, golf carts, go-carts, motor-cycles, boats, personal water crafts, recreational vehicles, lawn mowers, ATV's, or other motorized vehicles, appliances, or boxes/cartons.

(j) Pavilions

- (1) A free standing roofed open-sided structure (similar to a carport/pole barn) is prohibited in all districts except on HHPOA or City owned property.
- (2) No such structure can be built that will block fire department access to the lake. All of the HHPOA parks have been designated as emergency access points for fire protection services.

5. DRIVEWAYS

Driveways must be hard-surfaced with asphalt, concrete or paving blocks. Paving blocks shall be installed per the manufactures / distributors recommendations for compacting the base and construction of the border footings. The driveway approach, extending from the street across right-of-way to property line, may be any suitable driving surface, except concrete, and may require a culvert underneath. Refer to Ordinance #021. On a corner lot a driveway approach may not be nearer than twenty feet (20') from a front or side lot line.

B. MOVING BUILDINGS OR STRUCTURES INTO, OR WITHIN, THE CITY

1. Mobile homes will not be placed on any lot, tract or parcel of land within the corporate limits of The City of Highland Haven,

Texas.

2. Manufactured storage-type buildings will not be moved into the corporate limits of the City or placed on any lot, tract or parcel of land within the corporate limits except as permitted above (III.A.2) as temporary buildings.

3. Manufactured housing, or manufactured homes, meeting the square footage requirements are permitted, provided the following additional minimum criteria are met: (Building Permit is required)

(a) The structure was originally manufactured as a residence designed to be placed on a permanent concrete foundation.

(b) Proof is provided that the residence meets the 'Texas Manufactured Housing Code' or 'Texas Modular Code'.

(c) The residence will be installed on a permanent concrete slab foundation.

(d) Structures with the appearance and/or shape of a traditional mobile home (either single or doublewide) will incorporate features that will alter the appearance of all views from any direction. The structure must comply with all provisions for a residence as outlined in SECTION IV, STRUCTURES AND LAND USE, and DISTRICTS (A) & (D) SINGLE FAMILY RESIDENTIAL.

(e) Manufacturer's guarantee is to provide that the residence, when permanently installed, is designed to withstand winds of at least 90 MPH.

C. RELOCATION OF STRUCTURES

Moving or skidding structures within the incorporated limits is prohibited.

D. CAMPING AND/OR STRUCTURE OCCUPANCY

1. Tent Camping is permitted on an improved lot with a single-family residence for a maximum of 30 days per year, nine or fewer consecutive days. Adult supervision is required.

2. Overnight occupancy and camping on any lot, improved or unimproved, without a single-family residence is prohibited.

3. Up to three non-paying guests who are members of the immediate family may utilize sleeping quarters in a non-contiguous, approved boating facility located on an improved lot with a single-family residence. Usage is not to exceed 30 days per calendar year (60 days if the guest quarters existed before March 1, 1996), no more than nine consecutive days, and provided that the guest quarters must not include a kitchen or other cooking facility. Paying guests are prohibited.

E. ON-SITE WASTE WATER DISPOSAL FACILITIES (SEPTIC SYSTEMS)

1. INSTALLATION/MODIFICATION -- The LCRA has complete jurisdiction over on-site waste disposal facilities within the corporate limits of the city.

(a) In 1994, the LCRA established rules that require

certification by a Municipal Flood Plain Administrator, certifying compliance with Flood plain management regulations, prior to any LCRA approval of residential or commercial on-site waste disposal facilities (septic system)

(b) The city will issue the required certification, based on the findings of a certified site (lot or parcel) survey and approval (by permit) by LCRA. Any additional site preparation is the property owner's responsibility and will require a city permit.

2. LCRA has the prime responsibility to assure systems continue to operate properly.

3. The city has a shared responsibility to protect the water of Lake LBJ and the residents of the city. Therefore, residents and property owners will be in violation of this ordinance and subject to penalties established by this ordinance if:

(a) Septic system residue is found on the surface of land areas within the corporate limits or residue is discharged into lake or other watercourses.

(b) Any waste type contaminant, from vehicle/trailer holding facilities, is discharged into the water or on to land within the corporate limits.

F. COMPLETION OF BUILDINGS OR STRUCTURES.

Each structure must be completed not later than twelve (12) months after a permit is issued.

G. RESTORATION OF DAMAGED STRUCTURES.

If any structure is damaged by fire, flood, storm, etc. to the extent that over 50% of the structure is to be re-built or restored, the complete structure must meet all the then current planning and zoning and building requirements of a totally new structure. Any L.C.R.A. rules and regulations existing at that time apply.

H. HOME BUSINESSES/OFFICES

1. All SFR1 and SFR2 properties in Highland Haven are restricted to residential use only. However the City Board of Aldermen may issue a permit to allow a business/home office to a specific residence, if so requested. If in the sole judgment of the Board a home office would not be detrimental to the community, especially in regard to noise, traffic, health or safety, a special permit may be granted for a two-year period. No signage is permitted. Permits may be requested with a simple form submitted to the City and no charge (fee) is required.

2. A variance may be obtained for a Home Office Business provided that the business does not comply with the definitions of Commercial Land and that:

(a) There will be no traffic/parking problems around the home.

(b) There will be no nuisance or unlawful activity associated with the business; i.e. noise, odors, late hours, etc.

(c) Vehicles used in pursuit of the work will comply with the

vehicle ordinance.

(d) There will be no signs to advertise the business.

(e) No evidence of business activity shall be visible from outside the building.

3. Such businesses might be: real estate, yard care, landscaping, seamstress/sewing, accounting, home maintenance, plumbing, electrical, carpentry, painting, and etc.

I. RENTAL OF RESIDENCE

Residences may be rented for periods no less than one hundred eighty consecutive days. Time-share periods of occupancy of less than one hundred eighty consecutive days are not permitted. The renter and the property owner are responsible for compliance with all laws and regulations. Portions of residences may not be offered for rent.

SECTION V --SPECIAL CONSIDERATIONS (RESTRICTIONS APPLY TO ALL ZONING DISTRICTS UNLESS OTHERWISE SPECIFIED)

A. CONFORMING AND NON-CONFORMING STRUCTURES AND USES.

1. Grandfather: Any building or use of any land legally existing on March 1, 1996 may be continued subject to such regulations regarding the maintenance of the premises. A non-conforming building that is damaged may be repaired to essentially the original condition but may not be expanded and in order to maintain its non-conforming status, such repairs must be completed within one year of the damaged date. A non-conforming structure may not be enlarged in any dimension unless the added structure meets conforming status. For non-conforming outbuildings and detached garages, the non-conforming building may not be enlarged in any dimension unless the entire existing structure and the added structure meets conforming status. A non-conforming use shall not be changed unless the change is to a conforming use. A non-conforming use and/or structure, if changed to conforming status, may not thereafter be changed back to a non-conforming status. Altering, modifying, adding to or remodeling any existing structure from a conforming structure into a non-conforming structure is prohibited.

2. Certificates for Non-Compliance: The City issued Certificates of Non-Compliance for non-conformance uses, buildings or structures existing prior to March 1, 1996 to owners who filed applications for such Certificate of Non-Compliance with the City before March 1, 1997. Copies of these certificates are on file at the City. Property owners claiming pre-March 1, 1996 grand fathering issues, for which a Certificate is not on file, are responsible for providing evidence as required by the City before a Certificate of Non-Conformance can be issued.

B. RE-PLAT OF LOTS - SEE Ordinance #087.

SECTION VI – Variances

PROCEDURE:

A request for a Variance from this Ordinance will be submitted in writing to the Mayor, Board of Alderman (BOA) and Planning and Zoning Commission (P&Z). The Mayor, BOA and P&Z may authorize a variance from these regulations if, in its opinion, undue hardship will result from requiring strict compliance to this ordinance and not cause undue hardship to the public interest. Approval of any individual variance will not automatically extend to other property within the City of Highland Haven.

Conditions Required for Variance:

(A) No variance shall be granted without first having given public notice of the variance request to any and all property owners within 200' of the requesting property and having a public hearing on the written variance request. As per Local Government Code 211.006.

(B) Findings: The property owner must complete the variance documents and deliver them to the City prior to any public hearing.

(1) That there are special circumstances or conditions affecting the land involved such that the strict application of the provisions of this Ordinance would deprive the applicant of the reasonable use of the land; and

(2) That granting of the variance will not create a Hardship to the Public Health, Safety or Welfare, or be injurious to other property within the City; and

(3) That the granting of the variance will not have a negative effect on the surrounding properties; and

(4) That granting the variance constitutes a minimal departure from this ordinance; and

(5) That the circumstances or conditions are not self-imposed, are not based solely on economic gain or loss, and most important that they do not negatively affect properties in the vicinity of the applicant's property.

(C) Such written findings of the BOA, together with the specific facts upon which findings are based, shall be read into the official minutes of the BOA meeting at which the variance is reviewed.

Variations should only be granted when there is no Hardship caused to the Public Health, Safety and Welfare.

FINDINGS OF UNDUE HARDSHIP:

(A) In order to grant a variance, the BOA must make written findings that an Undue Hardship exists using the following criteria:

(1) The literal enforcement of the Ordinance will create an unnecessary hardship or practical difficulty in the development of the affected property; and

(2) That the situation causing the hardship or difficulty is neither self-imposed nor generally affecting all or most properties in the same area; and

(3) That the relief sought will not injure the permitted use of adjacent conforming properties; and

(B) No variance may be granted which results in undue Hardship to the neighboring properties.

(C) The applicant bears the Burden of Proof in Establishing the Facts that may justify a Variance.

APPLICATION AND FEE

(A) An application for a Variance under this ordinance shall be made in writing using forms provided by the City and be accompanied by an application fee. A site plan, survey, scaled drawing or other information may be requested in order to properly review the Variance request.

NOTICE AND PUBLIC HEARING

(A) The Board of Aldermen shall hold public hearings for consideration of any written variance request. Notices shall be posted on the public notice board outside of City Hall and published in the official newspaper of the City no less than 15 days prior to the date of the public hearing. The notice shall identify the property, street address and details of the proposed variance with the date and time of the public hearing.

(B) As per Texas Local Government Code, Section 211.006.

SECTION VII - SEVERABILITY (RESTRICTIONS APPLY TO ALL ZONING DISTRICTS UNLESS OTHERWISE SPECIFIED)

If any section, part, subdivision, clause or provision of this ordinance be adjudged invalid or held to be unconstitutional, it will not affect the validity of this ordinance as a whole, or any part or

provision thereof, other than the part or parts that have been held or adjudged invalid or unconstitutional.

SECTION VIII - PENALTY FOR VIOLATION (RESTRICTIONS APPLY TO ALL ZONING DISTRICTS UNLESS OTHERWISE SPECIFIED)

See Ordinance #043

The owner or owners, renter or lessee of any building or premises or part thereof, where anything is in violation of this ordinance, any architect, builder, contractor, agent, person, or corporation, employed in connection therewith and who may have assisted in the commission of any such violation, will be charged as a separate offense and upon conviction thereof will be fined as provided in Ordinance #043.

SECTION IX. OPEN MEETING

It is hereby officially found and determined that the meeting at which this ordinance is passed was open to the public as required and that the public notice of the time, place and purpose of said meeting was given as required by the Open Meeting Act, Chapter 551, Texas Local Government Code.

SECTION X - EFFECTIVE DATE

This ordinance shall take effect immediately from and after its passage and publication in accordance with the provisions of the Texas Local Government Code.

PASSED AND APPROVED on the *20th* day of *July 2021* during a scheduled meeting by the Board of Aldermen of The City of Highland Haven, Texas.

Revision #10 of Ordinance #007 dated May 2002 revised page 7 Appendix 1 (d) add size of political signs.

Revision #11 of Ordinance #007 dated June 2002 revised Page 4 Paragraph add driveway requirements

Revision #12 of Ordinance #007 dated November 2002 revised Page 6 added section 3 to paragraph B, re: Re-plats

This Ordinance replaces #007 and all of the above revisions.

CITY OF HIGHLAND HAVEN ZONING MAP

PLANNED UNIT DEVELOPMENT DISTRICT

PURPOSE: The purpose and intent of the Planned Unit Development district is to provide a flexible, transitional, alternative procedure to encourage imaginative and innovative designs for the unified development of property in the City consistent to encourage imaginative and innovative designs for the unified development of property in the City consistent with this Ordinance and accepted urban planning, with overall mixed-use regulations as set forth below and in accordance with the City's comprehensive plan. The PUD rules are designed: (a) to allow development which is harmonious with nearby areas; (b) to enhance and preserve areas which are unique or have outstanding scenic, environmental, cultural or historic significance; (c) to provide an alternative for more efficient use of land, resulting in smaller utility networks, safer streets, more open space, and lower construction and maintenance costs; (d) to encourage harmonious and coordinated development, considering natural features, community facilities, circulation patterns and surrounding properties and neighborhoods; (e) to facilitate the analysis of the effect of development upon the tax base, the local economy, population, public facilities and the environment; (f) to provide and result in an enhanced residential and/or work environment for those persons living and/or working within the district; and (g) to require the application of professional planning and design techniques to achieve overall coordinated mixed use developments and avoid the negative effects of piece-meal, segregated, or unplanned development. Toward these ends, rezoning of land and development under this district will be permitted only in accordance with the intent and purpose of the City's comprehensive plan and this Ordinance, and to that end the PUD plan must be prepared and approved in accordance with the provisions of this Ordinance.

MIXED USE DEVELOPMENT: The PUD District shall include and allow for compatible mixed uses such as compatible residential, commercial and/or industrial, within a single project within the boundaries of an approved plan area, in order to provide the flexibility required for a well-designated and innovative development that will conserve, develop, protect and utilize to their best use the natural resources of the area in a manner that ensures the safe, orderly and healthy development and expansion of the City. In order to promote such development, the PUD may be comprised of a combination of all the other zoning districts provided for in this Ordinance. The outer boundary of each such PUD Zoning District shall be shown on a map. Said map will include a descriptive legend, the specific boundaries of the area proposed for use authorized for in any other zoning district, and percentage of the total area of such PUD which will comprise each such separate use, and all notations, references, and other information shown thereon, shall be adopted by Ordinance.

1. Flexible Planning. When considering a PUD, the unique nature of each proposal for a PUD may require, under proper circumstances, the departure from the strict enforcement of certain present codes and ordinances, e.g., without limitation, the width and surfacing of streets and highways, lot size, parking standards, setbacks, alleyways for public utilities, signage requirements, curbs, gutters, sidewalks and street lights, public parks and playgrounds, drainage, storm drainage, water supply and distribution, sanitary sewers, sewage collection and treatment,

single use districts, etc. Final approval of a PUD by the City Board of Alderman shall constitute authority and approval for such flexible planning to the extent that the PUD as approved, departs from existing codes and ordinances. The flexibility permitted for a PUD does not imply that any standard or requirement will be varied or decreased.

2. Rules Applicable. The City Board of Alderman, after public hearing and proper notice to all parties affected and after recommendation from the Commission, may attach a Planned Unit Development District designation to any tract or combination of tracts of land equal to or greater than three (3) acres. Under the Planned Development designation the following rules apply:

A. The approval of any proposed PUD or combination of uses proposed therein shall be subject to the discretion of the City Board of Alderman, and no such approval will be inferred or implied.

B. Planned Unit Development district may be established where the principal purpose is to serve as a transitional district, or an extension of any existing district whereby the provision of off-street parking, screening walls, fences, open space and/or planting would create a protective transition between a lesser and more restrictive district. In approving a Planned Unit District, specific uses shall be incorporated in the ordinance.

C. Standards required by the base zoning apply in a Planned Unit Development except that the following regulations and standards may be varied in the adoption of the Planned Unit Development; provided that the plan is consistent with the sound urban planning and good engineering practices.

- (1) Front, side and rear setbacks.
- (2) Maximum height.
- (3) Maximum lot coverage.
- (4) Floor area ratio.
- (5) Off-street parking requirements.
- (6) Special district requirements pertaining to the base zoning.
- (7) Number of dwelling units per acre.
- (8) Accessory building regulations.
- (9) Sign standards.

(a) In approving a Planned Unit Development, no standards may be modified unless such modification is expressly permitted by this Ordinance, and in no case may standards be modified when such modifications are prohibited by this Ordinance.

(b) In approving a Planned Unit Development, the City Board may require additional standards deemed necessary to create a reasonable transition to, and protection of, adjacent property and public areas, including but not limited to, light and air, orientation, type and manner of construction, setbacks, lighting, landscaping, management associations, open space, and screening.

(c) The Commission and City Board, in approving modifications to standards and regulations, shall be guided by the purpose intended by the base zoning and general intent of this ordinance.

3. Preliminary Site. A preliminary site Plan of the entire property within the Planned Unit Development will be considered by the Commission prior to any recommendation to, or consideration by, the Board of Alderman.

A. A Preliminary Site Plan may be approved for a portion of a Planned Unit Development district where the district is divided by a major thoroughfare, and the Preliminary Site Plan includes all the property located on one side of the street

B. Approval of a Preliminary Site Plan will determine the location and mix of proposed uses, proposed points of ingress and egress, parking spaces, building locations and height, lot coverage, yards and open spaces, landscaping, screening walls or fences, topography, and other development and protective requirements, considered necessary to create a reasonable transition to, and protection of, the adjacent property

C. The commission and/or City Board may approve, conditionally approve, request modifications, or deny approval of the Preliminary Site Plan Based on evaluation of details with respect to:

(1) The plan's compliance with all provisions of this Ordinance and other ordinances of the City.

(2) The environmental impact of the development relating to the preservation of existing natural resources on the site and the impact on the natural resources of the surrounding properties and neighborhood.

(3) The relationship of the development to adjacent uses in terms of harmonious use and design, setbacks, maintenance of property values, and negative impacts.

(4) The provision of a safe and efficient vehicular and pedestrian circulation system.

(5) The design and location of off-street parking and loading facilities to ensure that all such spaces are useable and are safely and conveniently arranged.

(6) The sufficient width and suitable grade and location of streets designed to accommodate prospective traffic and to provide access for fire-fighting and emergency equipment to buildings.

(7) The coordination of streets so as to compose a convenient system consistent within the City.

(8) The use of landscaping and screening;

(1) to provide adequate buffers to shield lights, noise, movement or activities from adjacent properties when necessary, and

(2) to complement the design and location of buildings and be integrated into the overall site design.

(9) The adequacy of water, drainage, sewerage disposal facilities, and other utilities necessary for essential services to residents and occupants.

(10) The availability of dry fire hydrants for fire-fighting.

4. Final Site Plan. Following approval of the Preliminary Site Plan, or simultaneously if detailed information is available. A Final Site Plan for any portion of the Planned Unit Development may be approved. The Preliminary Site Plan establishes the general development standards. The Final Site Plan providing all the detail required for development, subdivision, zoning and enforcement of the special conditions and regulations must be approved by ordinance prior to the zoning being in effect and construction being authorized.
